

ICS Portable Banknote Detector

Features:

- High accuracy and complex inspection:
 - Magnetism, infrared, image, paper quality, thickness etc
- Distinguish currency type and denomination automatically.
- Display number of sheet of banknotes and total value of each currency type.
- Rechargeable lithium battery inside.
- Provided with sound-light alarm function.
- Software and hardware design is more excellent. Auto adjustable technology is adopted on sensors and it is easy to maintenance.
- Multi-placement way for narrow space.
- Compact size for portable usage.
- Update software and power supply through USB port.

Specification:

- Test feature: magnetism, infrared, image, paper quality, thickness
- Dimension: 70 (L) x157 (W) x59 (H) (mm)
- Power Supply: AC100V~240V 50/60Hz or DC5V/1.0A
- Battery: rechargeable lithium battery 3.7V/1050mAH
- Power Consumption: <5W
- Speed: < 0.5s/sheet
- Weight: 325g (Battery included)

Front loading use

Back loading use

Wall mounting use

Portable use

IC-2308
